STADIUM TOUR

During the tour we will wander around the Stadium facilities and we will show you the most unique areas. Have you ever imagined how it will feel to be the team's coach? Speaking in a press conference? Or visiting the first team dressing room?

Beyond a doubt, you will live an experience that will move you closer to the world of Spanish football. What's more, you will be able to imagine what a player from the first team feels before stepping on the field!

WHITE AND BLUE HISTORY

MOMENTS OF OUR HISTORY

Over the course of the tour we will also visit the memorable club's historical room. The room, named after Ricardo Zamora, is the perfect scenario to learn about RCDE's history. There you could find the most important assortment of cups, trophies, pictures and other meaningful objects the club has gathered from the very beginning to the present.

The historical room pays tribute to all the successful football events of our history, but so too is a place for honouring the memory of other sport sections that have previously been part of the club but no longer exist.

Further to this, nearby to this room we will find the corridor that links the dressing room with the mixed zone where you could find an exhibition with most of the jerseys that have been worn by the first team from 1900 to the present year.

DANI JARQUE WALL, MINUTE 21 AND STATUE

We will finish the tour visiting one of the most special areas of the stadium. Nearby the gate 21, we will recall who was Dani Jarque and talk about his career path as a football player.

Dani taught us many things and he was a real dream-chaser that offered us unforgettable moments, not only as a football player but also, as a captain.
